👤 PROFILE

AWS & Linux enthusiast with hands-on experience in cloud deployment, Linux administration, Git, CI/CD, and Infrastructure as Code fundamentals. Skilled in Python, shell scripting, and automation with strong interest in DevOps and cloud platform engineering.

📁 INTERNSHIP EXPERIENCE

Edunet Foundation, Intern

- Worked on web application deployment and collaborative development workflows
- Used Git/GitHub for version control and project management
- Assisted in Linux-based development environments

QSkill Company, Intern

- Developed responsive web applications and managed deployment workflows
- Collaborated using Git and debugging tools
- Gained exposure to software development lifecycle practices

🧠 TECHNICAL SKILLS

- | | |
|---------------------|--------------------------------|
| • Python | • DBMS |
| • Cloud Computing | • Data Structures & Algorithms |
| • OOP | • HTML, CSS |
| • Operating Systems | |

🧠 DEVOPS & CLOUD SKILLS

- | | |
|---------------------------|--|
| AWS (EC2, S3, IAM, VPC) | Linux |
| CI/CD (GitHub Actions) | Terraform (Infrastructure as Code)(Basics) |
| Docker & Containerization | Git & GitHub |
| Networking Basics | |

📁 PROJECTS

AWS Web Application Deployment

- Deployed scalable web application using AWS EC2 and S3
- Configured IAM roles, VPC networking, and Security Groups
- Automated deployment workflows using Git and Linux shell commands
- Monitored server accessibility and managed Linux instances

Dockerized URL Shortener with AWS EC2 Deployment

- Containerized Flask application using Docker and deployed on AWS EC2 (Amazon Linux)
- Configured Linux server environment, networking, and Gunicorn web server
- Integrated Git/GitHub for version control and CI/CD-ready deployment workflows
- Managed application deployment and monitoring using Linux commands

Portfolio Website

- Hosted portfolio showcasing projects

Dynamic Task Manager

- CRUD-based task system using Python

🎓 EDUCATION

- | | |
|-----------------------------------|----------------|
| B.Tech, SR University | 2024 – Present |
| Intermediate, MIMS Junior College | 2022 – 2024 |
| 10th Class, TS Model School | 2022 |

📜 CERTIFICATIONS

- | | |
|---------------------------------|-------------------------------|
| • Salesforce AI Associate | • AINCAT 2025 - Participation |
| • QSKILL LOR | • AWS Cloud_Foundations |
| • Cloud_Web_Application_Builder | • Cloud_Developing |
